

Section C - Working and Studying Conditions

In the below section we are going to ask you about the conditions of your main place of work or study in academia. Your main place of work or study is the place for which you spend most of your working or studying time. If there are two such places for which you spend an equal amount of time, choose one. This information is important for us to be able to relate mental health outcomes to different working/studying conditions and derive recommendations for changes in how academic work is organized to improve mental health of academics.
