

**UČNI NAČRT PREDMETA / SUBJECT SPECIFICATION**

<b>Predmet:</b>	Patologija I (splošna patologija)
<b>Subject Title:</b>	Pathology I (general pathology)

Študijski program Study programme	Študijska smer Study field	Letnik Year	Semester Semester
Splošna medicina General medicine - EMŠP		2	4

**Univerzitetna koda predmeta / University subject code:**

Predavanja Lectures	Seminar Seminar	Sem. vaje Tutorial	Lab. vaje Labor work	Teren. vaje Field work	Samost. delo Individ. work	ECTS
30	27		3		30	3

**Nosilec predmeta / Lecturer:**

**Jeziki /**
**Predavanja / Lecture:** Slovenski/slovene

**Languages:**
**Vaje / Tutorial:** Slovenski/slovene

**Pogoji za vključitev v delo oz. za opravljanje študijskih obveznosti:**
**Prerequisites:**

**Vsebina:**

Uvod v patologijo  
 Značilnosti, klasifikacije incidenca bolezni  
 Vzroki bolezni (genetski, okolje)  
 Diagnostična patologija v klinični praksi  
 Motnje rasti, diferenciacije in morfogeneze  
 Reakcije na celično okvaro  
 Motnje metabolizma in homeostaze  
 Ishemija, infarkt, šok  
 Imunologija in imunopatologija  
 Vnetje  
 Karcinogeneza in neoplazija  
 Staranje in smrt

**Content (Syllabus outline):**

Introduction to pathology  
 Characteristics, classification and incidence of disease  
 Genetic and environmental causes of disease  
 Diagnostic pathology in clinical practice  
 Disorders of growth, differentiation and morphogenesis  
 Response to cellular injury  
 Disorders of metabolism and homeostasis  
 Ischaemia, infarction and shock  
 Immunology and immunopathology  
 Inflammation  
 Carcinogenesis and neoplasia  
 Ageing and death

2017/2018

**Cilji:**

Študent spozna klasifikacije bolezni in se seznanja z njihovimi vzroki in s pomenom diagnostične patologije v klinični praksi. Predmet temelji na klasični patologiji in na napredku celične in molekularne biologije. Študent spozna ob študiju mehanizmov bolezni procese pomembnih bolezenskih kategorij

**Predvideni študijski rezultati:**

Študent bo spoznal osnovne morfološke in funkcijske značilnosti bolezni.

**Objectives:**

The student is introduced to the classification of diseases, their causes and the importance of diagnostic pathology in clinical practice. The course is based on classical pathology as well as on the current knowledge of cellular and molecular biology. The student learns basic disease mechanisms which are fundamental to understand specific diseases.

**Intended learning outcomes:**

Basic understanding of morphological and functional characteristics of diseases.

**Znanje in razumevanje:**

Pripravljen bo na študij specifičnih patoloških procesov v različnih organih in organskih sistemih.

**Prenesljive/ključne spretnosti in drugi atributi:**

Rezultati študija so pomembni predvsem za varno in uspešno izvajanje zdravljenja.

**Knowledge and Understanding:**

The student is prepared for study of specific pathological processes in different organs and systems.

**Transferable/Key Skills and other attributes:**

Results of the study are oriented primarily towards the practising medicine safely and effectively.

**Metode poučevanja in učenja:**

Predavanja  
Seminarji  
Obukcijske vaje

**Learning and teaching methods:**

Lectures  
Seminars  
Autopsy course

Delež (v %) /

Weight (in %)

**Načini ocenjevanja:**

**Assessment:**

Načini ocenjevanja:	Delež (v %) / Weight (in %)	Assessment:
Način (pisni izpit, ustno izpraševanje, naloge, projekt)		Type (examination, oral, coursework, projectS)
Opravljeni kolokviji iz seminarjev	<b>10 %</b>	Partial exam after seminars and
Končni izpit	<b>90 %</b>	Final examination
<b>ŠTUDIJSKE OBVEZNOSTI ŠTUDENTOV</b> <ul style="list-style-type: none"><li>•Obvezna 50 % udeležba na predavanjih</li><li>•Obvezna priprava predhodnih seminarjev</li><li>•Obvezna prisotnost na obdukcijskih vajah z diskusijo klinično-patoloških primerov</li></ul>		<b>ACADEMIC OBLIGATIONS OF STUDENTS</b> Obligatory 50% attendance at lectures Obligatory preparation of previous coursework Obligatory attendance at autopsy with discussion of clinically-pathological cases
Pogoji za pristop k posameznemu preverjanju znanja: Opravljeni seminarji in seminarski kolokviji		<b>REQUIREMENTS FOR ACCESS TO INDIVIDUAL KNOWLEDGE CHECKING:</b> Completed coursework and coursework partial exams
Končni izpit - testi proste izbire Ocene izpita s 50 vprašanji proste izbire so: 26-30 pravih odgovorov      6 31-35                              7 36-40                              8 41-45                              9 46-50                              10		Final exam – multiple choice tests Exam marks with 50 questions of multiple choice are: 26-30 correct answers      6 31-35 correct answers      7 36-40 correct answers      8 41-45 correct answers      9 46-50 correct answers      10
